IP CONSULTING® Ltd

IP Consulting® is a European and Bulgarian patent and trade mark attorney office qualified to protect your trademarks, patents, copyright and all your intellectual property from registration to enforcement and legal actions against infringers.

IP Consulting is a specialised office offering a wide range of services in the field of intellectual property – registration and enforcement of patents, utility models, trade marks (national and European Union trade marks registrations), geographical indications, industrial design (national and community design), plant varieties, copyright, domain names.

We also offer intellectual property management, searches, trade mark watching, protection against unfair competition, consumer protection (including product recall), border control (enforcement and goods destruction), valuation of IP assets, outsourcing, translations, project management, legal consultation, litigation, dispute resolution, enforcement and anti-infringement actions.

Our advantage is that we offer comprehensive service and management of your intellectual property in EU and South-East Europe (Bulgaria, Romania, Macedonia, Montenegro, Bosnia and Herzegovina, Moldova, Belarus, Armenia, Georgia and other), performed by approved specialists and chartered attorneys.

The team of IPConsulting comprises of Intellectual Property Attorneys, Lawyers and Intellectual Property Experts.

IPConsulting is member of INTA (International trade mark association), ECTA (European Communities Trade Mark Association), AIPPI (International Association for the Protection of Intellectual Property), AmCham in Bulgaria (American Chamber of Commerce in Bulgaria), FICPI (International Federation of Intellectual Property Attorneys),
